

1. Go to following site:
https://nvidia-india.runailabs-ps.com/auth/realms/runai/protocol/openid-connect/logout?client_id=runai-admin-ui&post_logout_redirect_uri=https%3A%2F%2Fnvidia-india.runailabs-ps.com
2. Login: IISC@nvidia-workshop
Password: IISC@Nvidia123
3. After logging in click on **+ NEW WORKLOAD**
Select – “workspace”
4. Name is already selected “**iisc-workshop**”
5. Template select “**mod-ws-u**” and **NO OTHER**.
6. Workspace name Please put first two letters of your name(lower case) + last five digits of your mobile number. For example if your name is **Pratap K.** and mobile number is **63672 03775** then put : **pr03775**
Please note this ID you will require it later.
7. Environment select “**mod-ws24**” and **NO OTHER**.
8. In Compute resources you should select “**one8th**” and **NO OTHER**.
9. **Leave rest of the things as defaults.**
10. Click on **CREATE WORKSPACE**

11. Wait for few minutes you will see something like this:

12. Select workspace with your initials and phone number (last 5 digits) by clicking on checkbox. A top bar like this will appear:

Click on “CONNECT” and select “jupyter”

13. A new window will appear for you to login again – use same credentials as before.

14. Jupyter session will appear on left side pane click on Start_Here.ipynb.

!! HAPPY LEARNING!!
